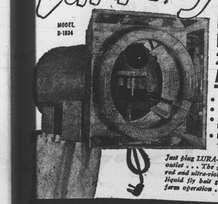
Lura-Fly by LuraLight
THE FLY KILLER
MODEL D-1634



Catch and Destroy Flies 24 Hours a Day Automatically
- No messy, smelly sprays
- No objectionable odors
- No disposal problems...(Just burn the disposable bags)
- No poison cones to Drench! . . . (Soil is out of reach.)

Just plug LURA-FLY into the nearest 110 outlet . . . The powerful suction fan, the red and ultra-violet light principle and the liquid fly bait give you a more fly-free farm operation . . . AUTOMATICALLY!

Now you can rid your milking parlors, farrowing pens, barns and other enclosed areas of up to 80% of their present fly population. The new LURA-FLY works on the same principle as the proven Lura-Light, the original automatic bug killer. However, LURA-FLY is specifically designed to catch and destroy nearly all varieties of flies. LURA-FLY uses an additional red light source PLUS any highly concentrated liquid fly bait such as the newly developed Diazinon. The bait plus the famous LuraLight bug killing principle enable you to actually outsmart, catch and destroy flies . . . AUTOMATICALLY! The special dispenser-reservoir will keep your LURA-FLY filled for a week or more without attention. And LURA-FLY will operate 24 hours electrically for just pennies. LURA-FLY comes to you complete. Once you have it installed you'll spend far less time and effort on fly control than ever before.

JUNIOR TRI HI Y

The Junior Tri Hi Y of the Appomattox High School held its last meeting for this school term on May 3, 1962. There were three new officers elected for the following school term. They were:

President, Bonnie Moore.
Vice-president, Rinne Abbitt
Vice-president, Susan Jennings.

The vice -presidents, Donna Guill and Debbie Thomas presented each officer with a nice token to remember the Tri Hi Y with.

We are very happy indeed to say that our club was a great success with our wonderful officers, and club mothers and also most of all, our wonderful sponsor, Miss Black. After the meeting adjourned, Mrs. O'Brien, club mother, prepared refreshments for us.
